Subject: Re: I'm going to be in MI next week

Also, what's the time difference between Michigan and Hawaii and are you emailing about maps in the middle of the night?

> Jeff,
> I got a call from Jack here in Hawaii. I walked him through Thad's proposed district. Dale at the RNC has drawn a 10-4 map. I told Jack I suppose you could if you broke a sorts of counties and MCD's, but we needed for legal and PR purposes a good looking map that did not look like an obvious gerrymander. I'm not saying this proposed change from Jack will be Thad's last demand, but it will make it hard for him to complain to the others in the delegation and have Bruce Patterson lobbying legislators. I really like your proposed 3rd with all of Calhoun, Barry and most of Kent. If I was Amash I get rid of Walker and part of Grand Rapids, but if he'll take all of Calhoun it's his call. I think your map protects all nine incumbents and it looks good. Send me a map and chart with this Wayne/ West Bloomfield revision. Don't worry Jack isn't coming to Lansing on Wednesday.

In addition to the obvious objective -- putting dems in a dem district and reps in a gop district, it will help increase the black population in the black districts because the former is 17% black while the latter is only 6% black.
